At Helping Hands we offer a wide range of property maintenance services covering general home improvements and commercial maintenance. We pride ourselves on offering not only an exceptional service, but the best advice and expert solutions for whatever you require.

As with all our other services, we work to your standards not ours and are only 100% happy when you are. For electrical, plumbing and joinery we call upon our highly experienced and certified specialists to support our in-house team on projects which require these specific skills.

Our team will turn up as agreed, provide written quotes and communicate with you on an ongoing basis.

*Please do not hesitate to contact us. We'd be delighted to discuss your requirements and provide you with a no obligation quote.*
